FORWARD

It gives me immense pleasure to present the Provisional Population Totals, Paper 1 of 2011 Census Lakshadweep prepared by the Directorate of Census Operations, UT of Lakshadweep.

The Census Operations is a stupendous task specially in the context of Lakshadweep, considering the remoteness of the area but we have been able to conduct the Census Operations within the time frame set by the Census Commissioner of India despite various constraints.

The Census Operations were carried out in two phases. The 1st phase commenced with Houselisting and Housing Census w.e.f 7th April, 2010 to 6th May, 2010 and the second phase commenced with Population Enumeration w.e.f 9th to 28th February, 2011 with a revisional round from 1st March, to 5th March, 2011.

I would like to place on record my gratitude to Shri. J.K. Dadoo, IAS, the Hon'ble Administrator UT of Lakshadweep for his blessings and support. Dr. C. Chandramouli, IAS, Registrar General & Census Commissioner, India who has guided us in all spheres, Dr. N. Vasanthakumar, IAS, Collector cum Development Commissioner, and Principal Census Officer, Shri Kuldeep Singh, ADM and District Census officer, all Deputy Collectors / Sub Divisional Officers cum Charge Officers who were responsible for the successful operations of the Census.

My special thanks are due to the efforts put in by my staff and officers like Shri M.H.R. Khasimi, Deputy Director, Shri K. Sakthikumar, Assistant Director and technical staff who have done excellent works to make it success.

Marnya Ete
of the Indian Administrative Service
Director of Census Operations, Lakshadweep
